Subject: Microsoft Settlement

To Whom it May Concern:

In the matter of the Microsoft settlement, I am submitting my comments for consideration. I strongly advocate for acceptance of the proposed settlement agreement by all parties involved. The provisions of the agreement are tough, reasonable, fair to all parties involved, and go beyond the findings of the Court of Appeals ruling. I believe that the settlement of this case is important for the American economy and that drawing this case out any further will do nothing to support consumers or our country and in fact may cause additional damage. I urge the acceptance of this settlement by the DOJ and all states involved in the litigation.

Sincerely,
Sue Sanford
